

FUJIFILM MASTERPIECE AWARDS

Fujifilm is proud to honor photographers who strive to create images of excellence and distinction with its prestigious Fujifilm Masterpiece Award. The award is given to the maker of the best image in its category at annual print competitions held by affiliates of the Professional Photographers of America (PPA).

ELIGIBILITY & RULES The Fujifilm Masterpiece Award is given to the best image, usually indicated by the highest score, in its category at annual print competitions held by PPA affiliates. In 2007 the awards will be given in the United States of America, Canada, and the Republic of Ireland. The image must score at least an **80** out of a potential of 100 points to be eligible for the award. The judges must agree that it best represents the category with the highest level of professional photography. At least one Fujifilm product must be used in the creation of the image. Images that meet all the criteria will be judged for the award. Employees of Fuji Photo Film, U.S.A., Inc. are not eligible to win the award. There are five potential photographic categories for the 2007 competition year, August 1, 2007 until May 26, 2008:

- Commercial
- Portrait
- Wedding
- Wedding Album
- Illustrative

In addition there is one potential Electronic Imaging category for 2007:

It is up to the individual PPA affiliates to determine the number of categories that will be judged at their annual print competition.
